GENERAL BUSINESS TERMS

ADDRESS -

Please spell your name and address in print form if possible, so that there be no danger of mis-sending your order, as your not doing so might cause delay and death to plants and fish.

SHIPMENTS -

All shipments go forward in rotation (as they come in), we reserving the right to either ship by Express or Parcel-post, whichever may be the safest at the time. By doing this, we are looking out for your interest. On parcel-post orders of less than \$1.25, please include 15¢ for parcel-post charge. All fish shipments go forward by express only.

TERMS -

Orders go forward only when sufficient funds to cover accompany same. Shipments made C. O. D. (either by Express or Parcel-post), will go forward only when at least 25% of the total is sent with order to guarantee acceptance.

SHIPPING CANS -

Our Shipping Department is endeavoring at all times to deliver to you live healthy specimens and use their best judgment as to how many fish will ship safely in a can in the Summer, or in thermostatically packed cans in the Winter.

1 Gal. American can (For shipments of one or two pair of small fish) NOT RETURNABLE \$.15 EACH

LARGE 5 GALLON AMERICAN CAN (Carry from 10 to 30 Medium Fish) NOT RETURNABLE \$.50 EACH

MEDIUM GERMAN CAN (Carry from 35 to 50 Medium Fish) RETURNABLE FOR CREDIT \$1.25 EACH

EX. LARGE GERMAN CAN (Carry from 50 to 80 Med. to Large Fish) RETURNABLE FOR CREDIT \$1.50 EACH

"RETURN PREPAY OF THESE CANS COST ONLY 20¢ IF SENT BY EXPRESS"

REPLACEMENTS -

We replace fish and plants only when accompanied by a bad order slip from the Railway Express Agency. Please examine shipment on arrival and should there be a loss, kindly get bad order slip from Expressman. We will replace your fish or plants and put in claim from this end.

INQUIRIES -

We do our best to answer all questions, but for fuller instructions on fish and plants, you will find the following books full of Aquatic information. They are:

EXOTIC AQUARIUM FISHES (By Wm. T. Innes)
Specializing in Tropical Fish - - - - - \$5.00

GOLDFISH VARIETIES AND TROPICAL AQUARIUM FISHES (By Wm. T. Innes)
An all around book on the Aquarium subject - - - - - \$4.00

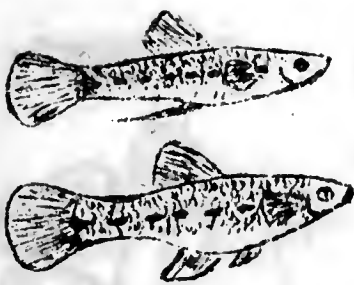

THE MODERN AQUARIUM (By Wm. T. Innes)
Small volume for the beginner - - - - - \$1.00

TROPICAL FISH (By Edwin H. Perkins)
A well written book on the Tropical Fish hobby - - \$1.65
Postpaid.

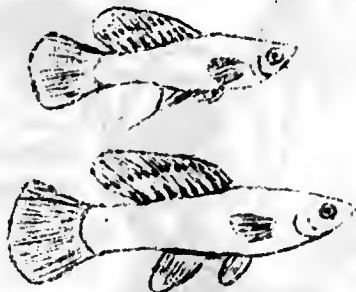

TROPICAL FISH FOR THE HOME (By Frederick H. Stoye)
A real encyclopedia on Tropical Aquarium Fish and Plants, written in a most interesting way. - - - - - \$4.00

I M P O R T A N T !

- On arrival of shipments of fish, DO NOT TRANSFER THEM IMMEDIATELY into your
- water, as there may be a strong chemical difference between the two waters
- and the sudden change would be a shock to the fish, causing many ills.
- Siphon the water from the can into the aquarium, put the fish into the
- aquarium and add a little of your tempered water daily. A slow change of
- this type is beneficial to the fish and you will have no losses.

DWARF MADAGASCAR AQUARIUM LILY

MADAGASCAR LACE PLANT

Ouvirandra (Aponogeton) fenestralis

QUEENSLAND LACE PLANT

THE RAREST AQUATIC PLANT IN THE WORLD IS NOW AVAILABLE.

After years of hard work, we have raised a sufficient supply to offer this Rarest Water Plant. Leaves average 6" to 12" in length and are so beautiful that they are beyond description. WE ARE THE ONLY LARGE COMMERCIAL DISTRIBUTORS OF THE LACE PLANT. The plant is disappearing in its native home - Madagascar, as the natives have been eating the roots for hundreds of years. They propagate very slowly, but are long lived if grown indoors in shaded aquariums.

YOUNG 1 1/2 YEAR OLD PLANTS \$6.50 PER PLANT - EX. LARGE 3 YEAR OLD PLANTS \$9.00 EACH

QUEENSLAND LACE PLANT (Aponogeton elongata) A New beautiful arrival from Australia, belonging to the Lace Plant family, the leaves of which are translucent. Show no holes, but have the characteristic veining of the Lace Plant family. Very outstanding.
PER PLANT \$3.50

NEW RUFFLED LACE PLANT (Aponogeton ulvaceum) A RARE and most distinct specie. Pea Green leaves. Entirely submerged and undulated. Very transparent, but no holes. Leaves very strong ribbed and give the impression that they have holes in them. This plant also originates from Madagascar and is first cousin to the Madagascar Lace Plant and equally as beautiful in its own way.

PER LARGE PLANT \$12.00 - MEDIUM SIZE PLANTS \$8.00 EACH

"WATER SPRITE" (See Cover) NEW beautiful and Lacey Sub-Aquatic Water Fern from the Philippines. A most outstanding aquarium plant. A very hardy and good oxygenator. See article in September 1936 issue of the Aquarium Magazine. These must be shipped in a 15¢ can. Kindly include for same when ordering.

YOUNG PLANTS \$.75 EACH

MEDIUM PLANTS \$1.00 EACH

LARGE PLANTS \$1.25 EA.

PLANTAGO HONDURANIA - A very NEW Wide Leaf beautiful plant of a celophane texture and transparent. An exceptionally outstanding and attractive center plant.

PER PLANT \$1.50
